CONDITIONS OF SALE.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. These are only conditions under which bids will be received.

Coins and medals are sold at so much **per PIECE**, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c. up to $2.50, when 10c. advance must be bid, up to $10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in the lot and you wish to pay $5.00 for the entire lot, then bid $1.00.

Auction sales are **strictly for cash.** Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described.

My charge for executing the bids will be 5 per cent. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

Priced catalogue of this sale sent for $1.25 cash in advance.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, THOMAS L. ELDER.

INTRODUCTION

In offering in this catalogue the final portion of the fine collection of Rare Foreign Coins and Medals of the late William Sumner Appleton, Esqr., it is fitting to briefly sketch the career of so eminent a numismatist and gentleman. He was born in Boston on January 11th, 1840, and died in his native city, April 18th, 1903. Samuel Appleton, at Ipswich, and William Sumner, at Dorchester, among the earliest settlers in Massachusetts, were his ancestors. He entered Harvard College in 1856 and graduated in 1860. For his graduation address he chose "A Uniform Coinage." Five years later he graduated from the Cambridge Law School. His literary and artistic pursuits and his love of historical subjects, led him into the studies of Numismatics, Heraldry, and Genealogy. In all three of these he was considered an authority. From his boyhood days he was a coin collector, and followed coin collecting even when in college. In 1860 he was one of the founders of the Boston Numismatic Society, and was its Secretary from that year until his death. From 1870 to 1891 he was active in the publication of the American Journal of Numismatics, and contributed many articles on numismatic and kindred subjects. Most of the choice pieces in this sale were secured by Mr. Appleton on his frequent European trips. The Appleton collection of American coins is very fine, and was donated by its owner to the Massachusetts Historical Society, to which he was elected in 1869.

Only brief mention can be made of the present sale, which is rich in Luther, Napoleonic and other European Medals, as well as in Mediaeval and Modern Gold and Silver Coins. The collection of Mediaeval Coins is one of the largest ever offered. Mr. Appleton left no notes on his coin envelopes, so that much work was necessary in attributing these coins in the numerous reference books listed herein. It is hoped that the collectors will appreciate the historical importance of this offering and send me a generous number of bids. There is no restriction. Everything in the collection will be sold to the highest bidder.

THOMAS L. ELDER, *Cataloguer.*

New York, June 5th, 1913.
